implementation was fragmented and the technology was challenged. Today’s systems are pretty impressive and offer a high level of security for our members, clients and communities. NOCBOR will keep you informed as this discussion evolves with our surrounding Boards.

What about the “My Clients Know More Than I Do” issues? Certainly there are always some, in any business, that my 5 year old daughter will know more than, but actually the Internet has allowed many of our clients to be well prepared for their home search, as they should be. I think it is our role to be a resource and explain their information and interpret their findings. Most all sold data now is currently available to the public, but we will continue to be the center of the transaction by not only acting as a resource for our clients, but offering local market insights that only come with experience.

Certainly there are some interesting new tools out there for REALTORS®. Some are created by the National Association of REALTORS® and some are created by other third party vendors. I think the biggest challenge may be, if we do not utilize some of the new technology in the form of reports and trends, is that we may become less important or maybe not.

Well where does all this leave us? We need to stay involved in our Board and keep them posted on our concerns and let them champion our causes, and the Board must keep the members informed also. Please let Pat Jacobs, who manages NOCBOR, know what your concerns are and if we can, we will bring the attention needed to make others aware of those issues and hopefully implement changes that will benefit the entire REALTOR® community.

Political Survival Initiative

In March, 2011, the National Association of REALTORS® launched the REALTOR® Party Political Survival Initiative. This initiative, which was developed to keep the REALTORS® organization among the most influential advocacy groups in America, may be one of the most powerful political moves NAR has ever recommended. The initiative proposes a dedicated dues increase of $40 and will be voted upon by the NAR Board of Directors, during the May Midyear Legislative Meetings & Trade Expo, in Washington, D.C., May 14, 2011.

Because the dues increase is “dedicated” to this initiative, it would be used exclusively to fund political advocacy efforts. If the dues increase is approved, more than 50% of the NAR budget would be devoted to political advocacy, which consistently ranks among members as the number one benefit they receive from NAR.

Two-thirds of the dollars raised will be returned back to State boards to be used in support of local candidates, issue campaigns and other political advocacy efforts.

There are monumental issues coming down the pike that will affect the members’ daily business, such as the future of mortgage finance and keeping housing affordable in America. We must have the power to share this pivotal moment for the American Dream of Home Ownership.

NOCBOR Directors need to know how you feel about the dues increase of $40 and strengthening the only organization in the country that represents home owners and private property rights. This issue is very important for you to understand and respond to.

Please take the time to e-mail your comments to pjacobs1121@hotmail.com.

“New Members”

Due to many new members, transfers and terminations, information relating to these categories can be found on nocbor.com, under Notice of Applicants.

Lockbox Codes & Fines

Are you aware that Realcomp’s Board of Governors approved lockbox fines from $100 per occurrence to $1,000 per occurrence in July 2010? This fine is for any agent who provides a lockbox code or any other type of access to a property to anyone who has not been authorized by the listing broker.

This policy enforces the importance of brokers and agents accompanying buyers on showing appointments, whether a home is vacant or occupied, bank-owned, or otherwise.

Any agent who provides direct access to a property (via lockbox code, key, etc.) to an individual not a Realcomp member will be fined. Please report all instances of this rule not being followed to Realcomp’s Customer Care Department (mailto:support@realcomp.com).

MISSION STATEMENT

The purpose of the North Oakland County Board of REALTORS® is to enhance the ability and opportunity of its members to conduct their business successfully and ethically, and to promote the preservation of the right to own, transfer and use real property.

Good Neighbor Awards

The National Association of REALTORS® is currently accepting applications for the 12th Annual REALTOR® Good Neighbor Awards. The awards recognize REALTORS® for their dedication to volunteer services.

Five winners will be announced in the November issue of REALTOR® Magazine. Each winner will be recognized at the 2011 REALTORS® Conference & Expo in Anaheim, Calif., and receive a $10,000 grant for his or her charity. Winners will also receive travel expenses to the conference and national and local media exposure for their community cause. In addition, the winners five honorable mentions will each receive $2,500 grants. NOCBOR member Michelle Phaup received honorable mention in 2009.

“The Good Neighbor Awards highlight NAR members who spend time and energy to help others. They also remind us that REALTORS® not only help people purchase homes, but they also work to improve the quality of life in those homes,” states Ron Phipps, 2011 NAR President.

Last year’s winner contributed a combined total of nearly 8,000 hours to their causes and drew a standing ovation from more than 6,000 REALTORS® and guests during the conference’s general session in New Orleans. The 2010 winners were Keri Kidd Cannon and Pam Kidd, Fridrich & Clark Realty, LLC, Nashville Tenn., for Children of Zimbabwe Fund-Village Hope; Cathie McGregor Critchlow, The Franklin Group Morgan, LLC, Morgan, Utah, for the Women’s Retreat House; James T. Elcock, Elcock Properties, St. Charles, Mo., for Kids Against Hunger; Dave Philp, Coldwell Banker burnet, Chaska, Minn., for Ridgeview Foundation/Ridgeview Medial Center; and Wendy and John Rocca, Century 21 Commonwealth, Watertown, Mass., for Operation American Soldier.

Previous good Neighbor Award winners say their charities have benefited from the grant money and the increased public exposure. “Winning the Good Neighbor Award benefited our work in Zimbabwe in so many ways,” said 2010 Good Neighbor Award winner Keri Kidd Cannon.

Good Neighbor Award entries must be received by Friday, May 20, 2011.

Homebuyer Credit & Tax Refunds

The IRS recently released information on processing issues that are impacting a small percentage of tax returns involving repayment of the First Time Homebuyer Credit (FTHB), primarily involving 2008 home purchases. While most of these returns are processing normally, the IRS recognizes that the hardship caused by delayed refunds and it has assigned additional staff and resources to address the issues promptly.

Here’s an update on the source of processing issues:

1. Married filing joint taxpayers who received the FTHB credit on a 2008 purchase-There seems to be an identified processing issue primarily impacting refunds for married couples filing joint returns this year who received the First Time Homebuyer credit on their 2008 tax return. This credit was an interest-free loan and must be paid back beginning this year under the provisions of the law.

2. Taxpayers who received the FTHB credit and are now reporting the sale or disposition of their home;

3 Taxpayers who received the FTHB credit and are attempting to pay back more than the amount required (typically $500) These two issues require changes to IRS’ core tax processing systems. The IRS is actively working on the development and testing of the required changes that will allow these impacted tax returns to be processed and appropriate refunds issued. The IRS does now have a definitive date when these changes will be complete, although it will be in April.

What should taxpayers do?-The IRS understands that taxpayers affected by this issue are anxious to get the status of their refund. For those who have already filed, no action is necessary. They can check “Where’s My Refund” at www.IRS.gov for updates. For those who have not filed and are making a repayment of a FTHB credit this year, there is a simple step taxpayers can take to help speed processing. Couples filing a joint return for 2010, but who had a different filing status in 2008 and only one spouse received the credit, the IRS recommends filing one Form 5405 for the taxpayer who received the credit.

Protect MID!

The NAR has launched a special “Call to Action” regarding the protection of mortgage insurance deduction (MID).

The mortgage insurance deduction is an effective tool that facilitates home ownership. While only about 30% of all taxpayers itemize their deductions, more than ¾ of home owners utilize the deduction over the period they own their home.

Your help is needed NOW! Please contact your U.S. Congressmen and request their support of House Resolution 25 aka “Preserve, Protect & Defend the Mortgage Interest Deduction.” HR25 expresses the sense of Congress that the current law governing MID must be retained. To restrict current law in any way would undermine progress in the still fragile housing recovery.

Dollars For Eligible Students

The Michigan Association of REALTORS® is pleased to announce its MARST, will once again be providing scholarships to full time undergraduate and graduate students who are interested in pursuing a career in real estate.

Eligible students can receive up to $2,000 per year from the fund.

The MARST is comprised of two funds, each established in honor of a dedicated REALTOR® member: the Russel A. Pointer Fund and the Barney Harkins Scholarship & Educational Fund. Both funds are overseen by the MARST Trustees.

You can find more information on the MARST, and application and PDF flyer on the MAR Web site: (www.mirealtors.com/content/ScholarshipsAndAwards.htm)

Legal Q & A

Q: I have a rental house that I have recently rented to someone who has a physical disability. The tenant wants me to install rails in a number of areas within the house at my expense. Must I do this?

A: If a person has a disability, a landlord may not refuse to let him or her make reasonable modifications to the rental unit; however, the landlord can require the disabled tenant to pay for the modifications and to restore the property to its original condition at the termination of the lease.

Q: Do sellers have to disclose if a home is modular?

A: There is no law which requires a seller to volunteer the fact that his home is a modular home.
